

Passive House
($U_{wall}=0.15 \text{ W/m}^2\text{K}$, $U_{roof}=0.10 \text{ W/m}^2\text{K}$)

979.5 ft²

(Gross Internal Area)

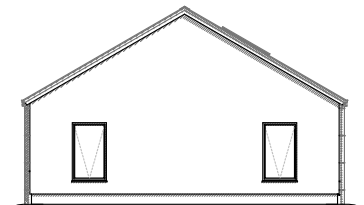

drawing not to scale

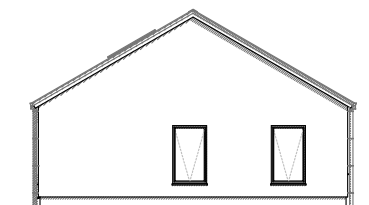

Internal dimensions: 27.9 ft x 34.8 ft
External dimensions: 29.9 ft x 36.8 ft

This is the single storey version of our our best selling house model. We have also built a few of this type, generally for young or elderly couples that don't require a huge amount of space.

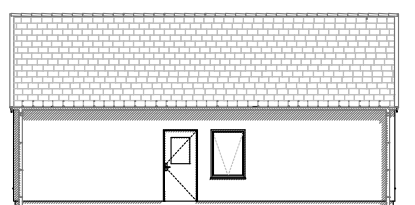

This featured design allows for 3 bedrooms.
